AMCIS 2024 Professional Development Symposia Proposal Form

Please fill out the following form to propose a professional development symposium (PDS) for AMCIS 2024.

Professional Development Symposia (PDS) offer the opportunity for creative, multi-way conversations, and have the potential to provide a positive impact on the professional development of participants from different regions, SIGs, chapters, career stages, or demographic backgrounds. Appropriate PDS topics include sharing novel research methods or exploring domain knowledge of emerging research areas. The sessions are conducted with the regular sessions during the conference. Proposals can be brief but should provide an outline sufficient for the reviewers to make a recommendation on its applicability, likelihood of drawing an audience, and suitability. Proposals will be accepted based on their applicability to the conference theme and relevance to the IS discipline.

Title
Please insert the proposed title of your professional development symposium as follows: “PDS – title”

Abstract
Please insert your abstract (200 words maximum length)

Symposium Leader(s) Information
Please provide the requested information for up to three symposium leaders, with the main point of contact first.

<table>
<thead>
<tr>
<th>Name:</th>
<th>Affiliation:</th>
<th>Telephone:</th>
<th>E-mail:</th>
</tr>
